

Prof. Oliver
Kear

Leamington, Jan. 9, 1863.
Dear Prof. Oliver,

Your last note crossed me
yesterday. Since I have asked
Engelmann, who says he
has never found a called author
in Abraham's Flora, or any
other, but thinks it not unlikely,
evidently does not rely on that
character.

I hope you do not suppose it
could make any difference with me
whether the publishers of No. Hist. Rev.
& of Amer. Jour. Science got at
logginshead, or not.

I believe the latter received a very
satisfactory reply from Mr. Lubbock.

It was working to them to get
a very urgent & manly letter from
Milliers & Co. - when they
had, at the first (at my instigation)
reprinted their whole Prospectus,
and called repeated attention to
said Prospectus.

But I have no interest or
care in the matter

I have been very busy over
a "Rocky Mt. collection"
which is now about all
my hands.

Very sincerely

Thos. Anthony
